All Adds will be in Black and White and we would prefer they be designed to look like an add from the 1800s. We would be glad to design your add to fit this era. These adds will be placed in our publication called the "Littlestown's Good Ole Days festival News", which will be handed out during the week before, and week of the Good Old days as well as during the parade on Thursday evening and on Saturday at the Festival. This publication will contain information about what is happening during the week of festival, historic facts about the Littlestown area and layout of where different things will be located.
